Discover the world around you with stunning bi-fold doors...

Choose a finish that makes
your home say something to
the outside world.

A variety of finishes are available to complement
your home including white, woodgrain and a range
of solid colours.

Golden Oak

Rosewood

Mahogany

Aesthetically pleasing and robust, bi-fold doors are stylish yet **secure**

Doors are at the heart of your home's security, and
we design our products to ensure the visitors to your
home are only the welcome ones.

The single and double sash opening options include
the multi point lock.

This modern locking system provides a superior level
of security, giving you the best possible protection
and peace of mind.

Other benefits include;

- Hardware components fixed to continuous lengths of reinforcement, further improving the sash stability and operation.
- Double perimeter weather seals on all sashes gives improved weather performance, making them draught free and energy efficient.

Bi-folding doors are the ideal way to
maximise extra space and connect inside
living to the outside world.

**Our profile range is manufactured to the highest quality
standards and is at the fore front of product development
and innovation.**

Bi-folding doors can create a
whole new feel for your home,
linking rooms together and
seamlessly joining inside living
with outside space. Versatile and
aesthetically pleasing, bi-fold
doors are the ideal replacement
for existing patio or French
doors to flood any room with
natural light.

amount of space required. Once
fully opened, doors stack neatly
to one side creating valuable
new space and open plan living.

With easy access in
Summer and a wonderful
view in Winter, bi-fold
doors add light and air
all year round.

Amazingly flexible and versatile,
bi-fold doors can be fully
opened, partially opened or
totally closed, depending on the

Features and benefits

The unique design of our bi-fold door means both
cill and track are incorporated into the threshold,
which results in a reduced frame height for
improved aesthetics and a smoother operation of
opening and closing.

Other key features and benefits include;

- Slimline UPVC.
- High performance weathering.
- Broad range of door configurations.
- Choose from 2 to 6 door panels.
- Internally beaded.

Reduced threshold for lower
step-over and ease of operation.
